

## Estate agent software that keeps it simple

No bells, no whistles - just a proven way to get your properties online and in print\*, quickly and easily.

### Effective property marketing tools

- Upload your property details to the internet, and a variety of other portals, easily
- Impress vendors with virtual tours that showcase their property to full effect
- Ensure properties are seen by buyers, 24/7

### Manage your property register with ease

- Save time and effort with automatic internet uploads
- Retain control by specifying where and when your properties are advertised online
- Upload unlimited properties and images
